THE IMPORTANCE OF WORKFORCE AND LABOR MARKET INFORMATION QUALITY LABOR MARKET INTELLIGENCE

Opportunities for Improvement

1. Aligning education and workforce training with industry needs

2. Informing career decisions of students and workers

3. Determining the effectiveness of workforce training and education programs

4. Understanding the characteristics of the workforce

5. Making workforce and labor market information more accessible and relevant to end users

6. Enhancing government data sharing, collaboration, and funding among statistical agencies

Prepared by the Workforce Information Advisory Council (WIAC), February 2017
